

Introducing the ISCC HUB

The ISCC HUB is at the core of ISCC's integrated IT solutions for System Users and CBs

Data accuracy in a fast-changing world

Growth and increasing complexity of ISCC requirements

WHY?

A digital platform allowing in real-time

HOW?

Information exchange between relevant parties

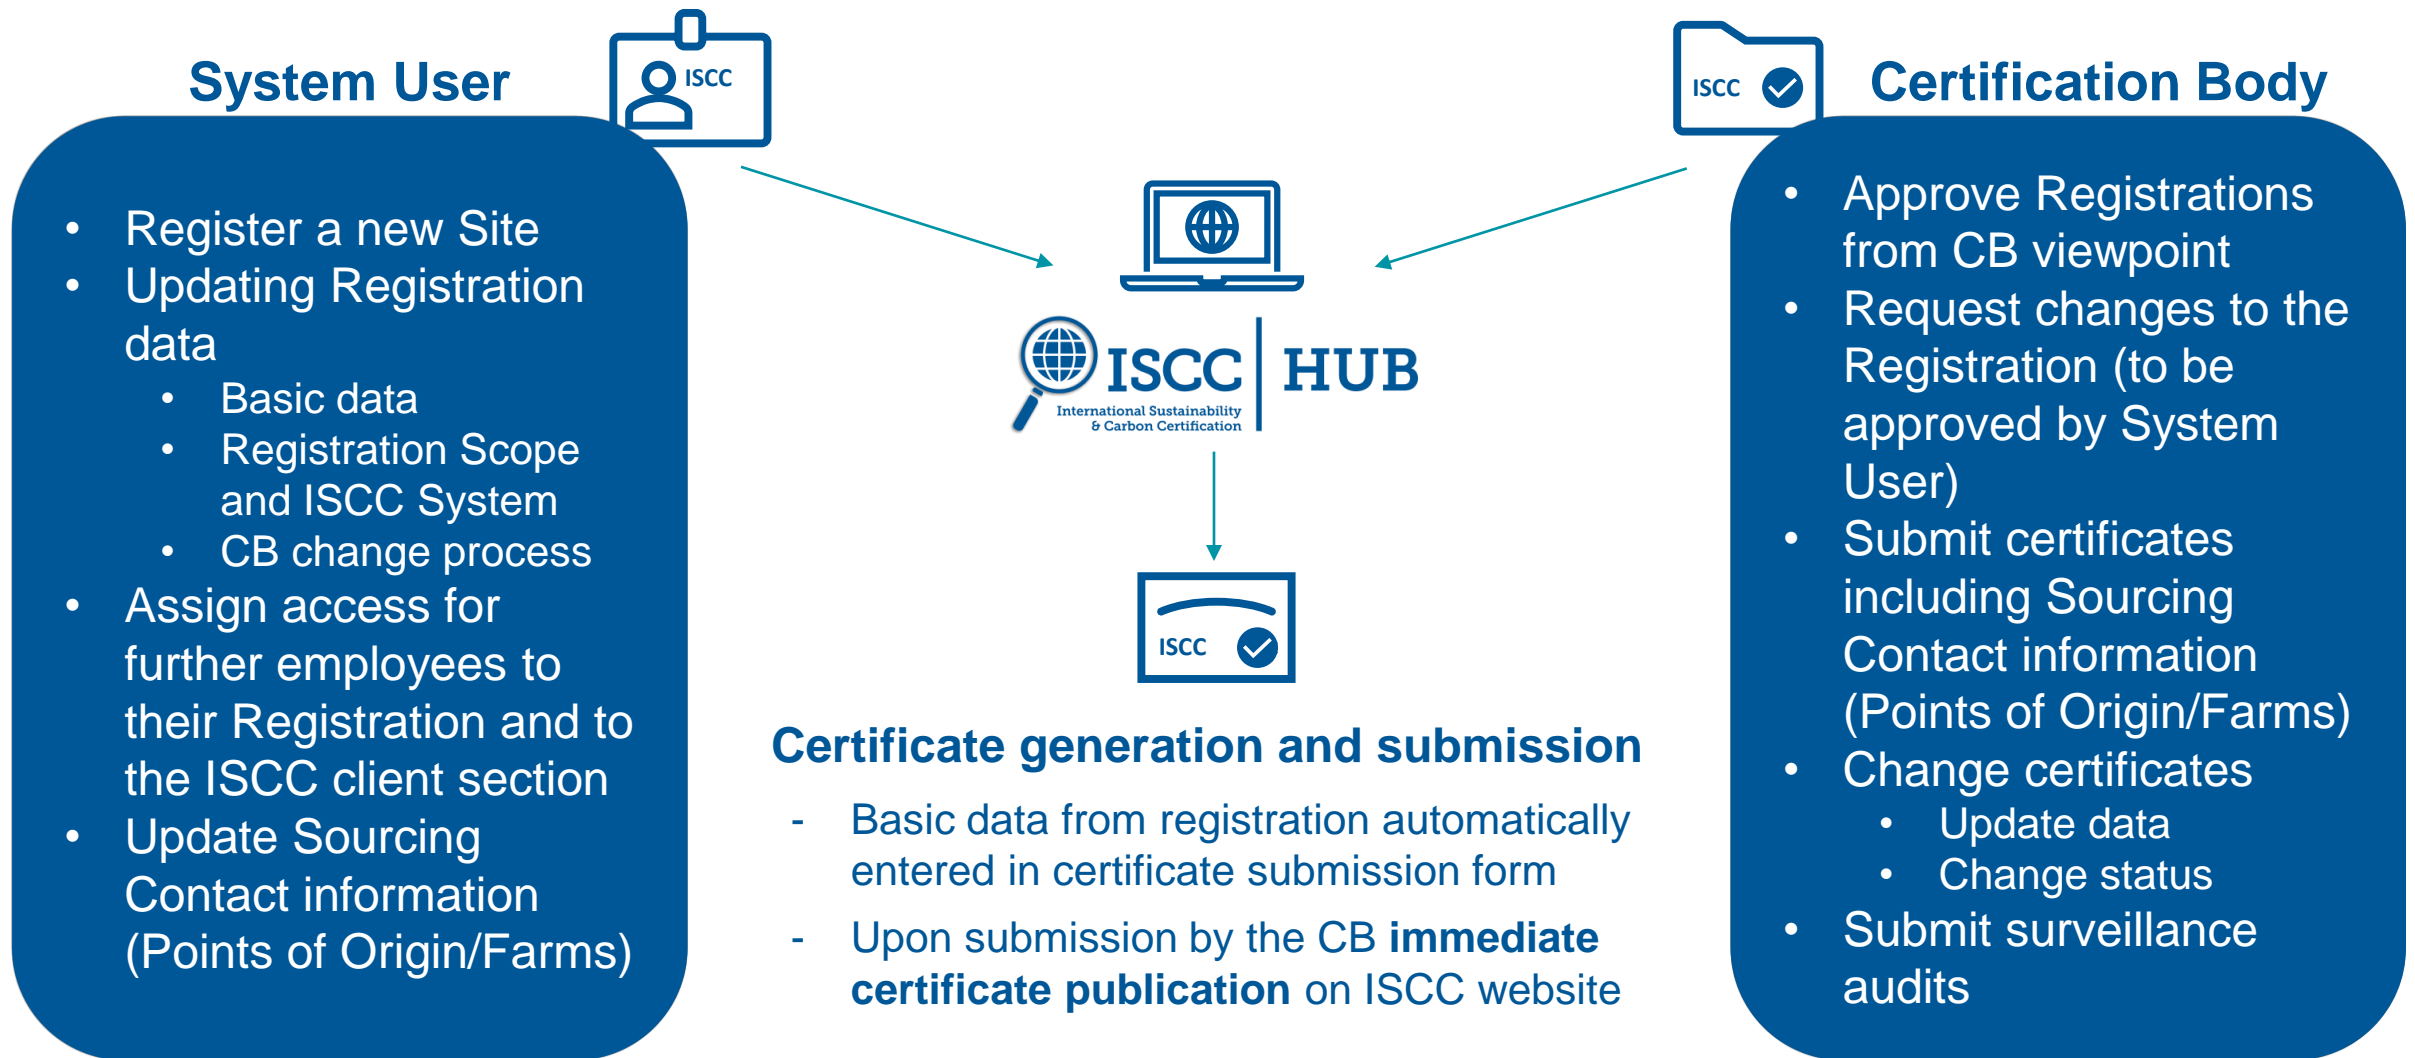

Interconnection to further databases

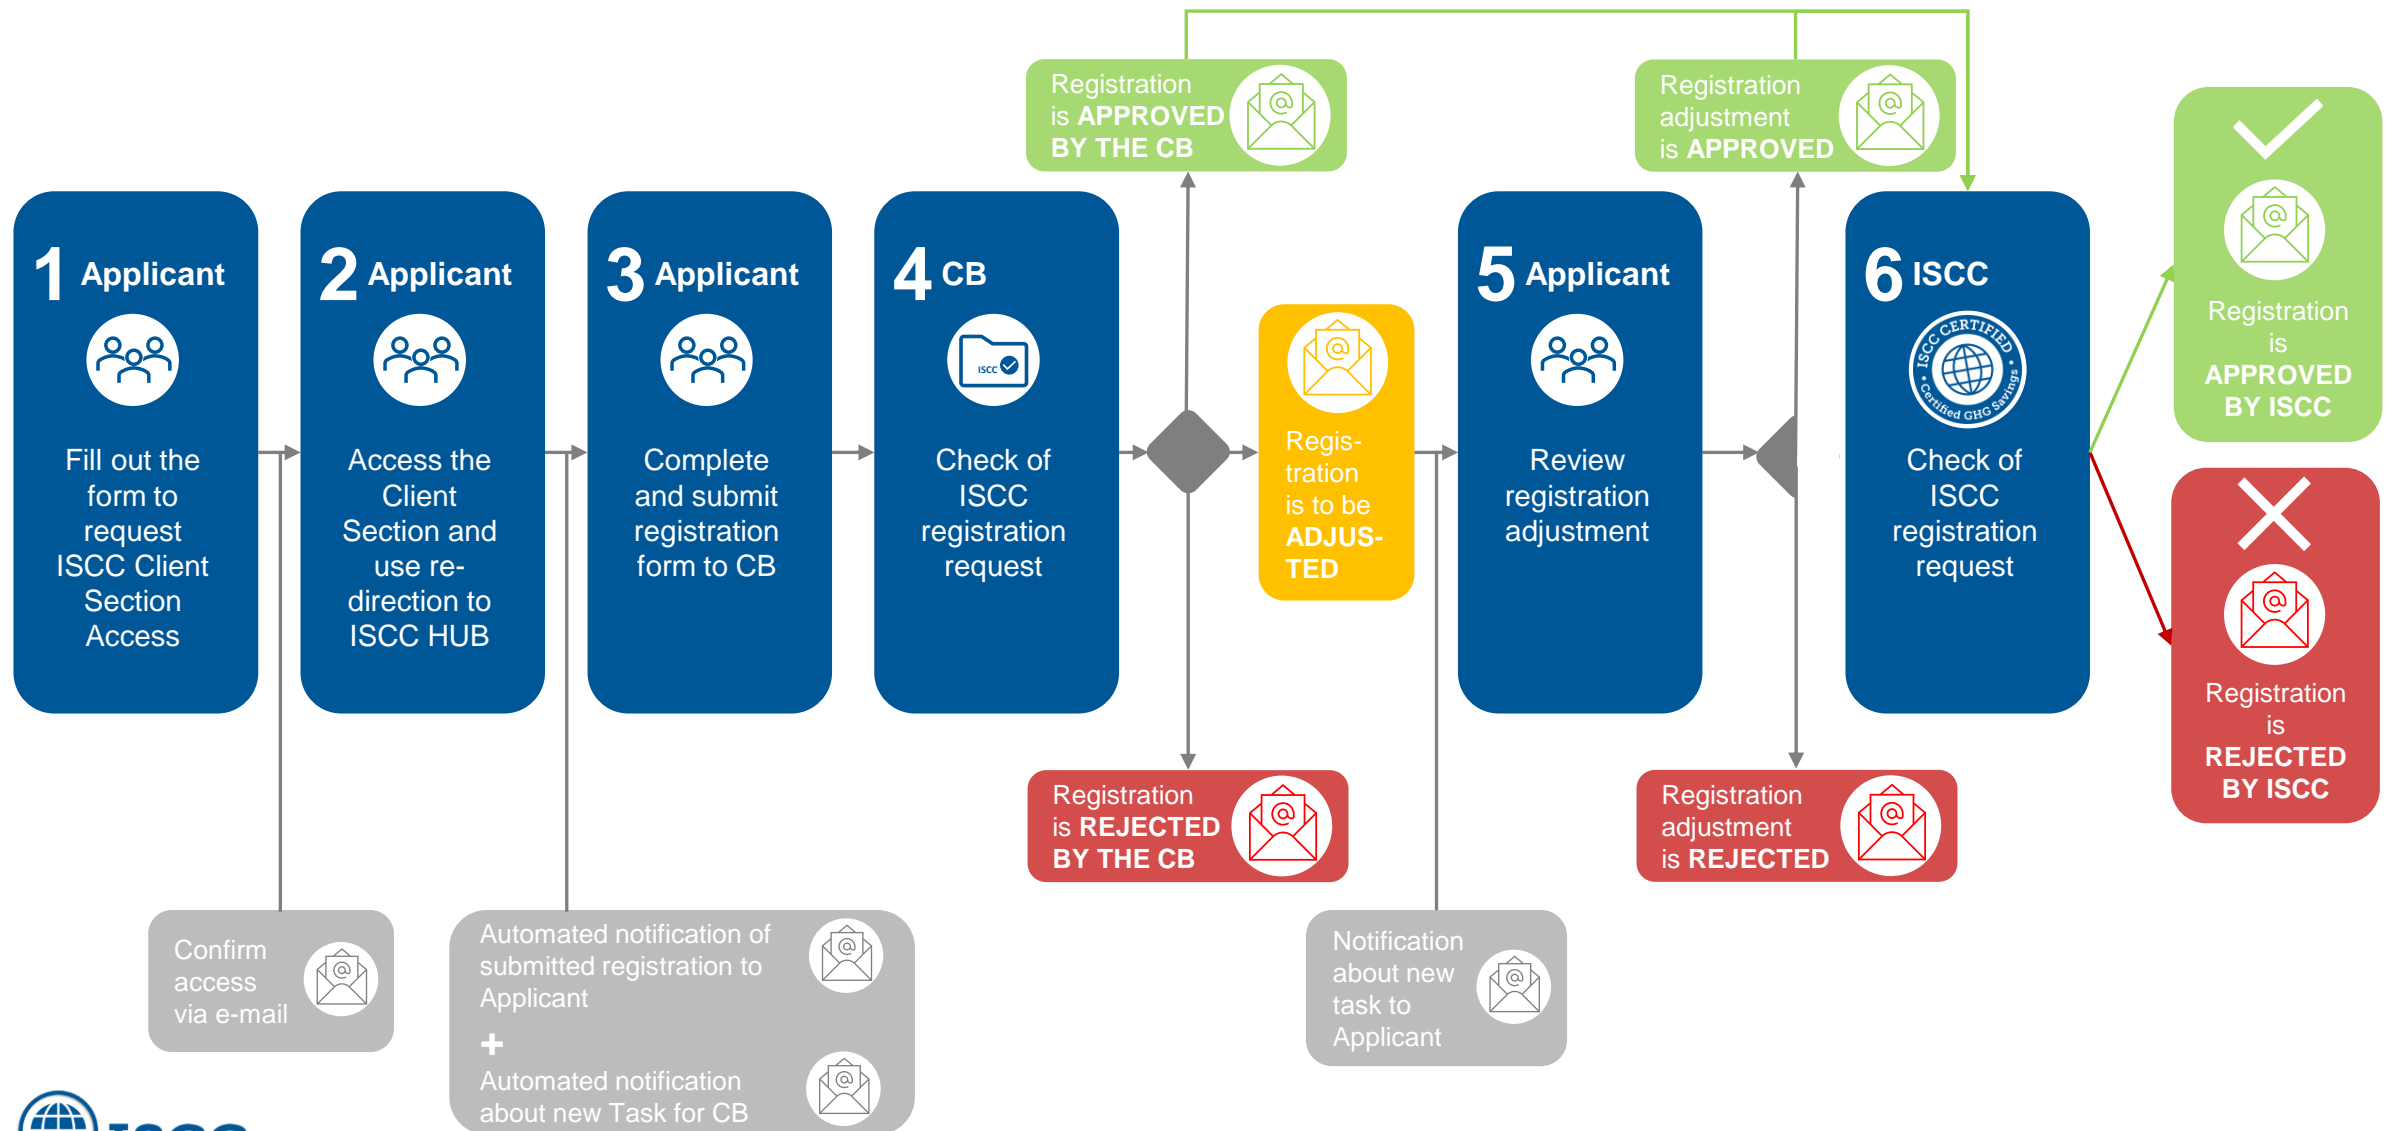

WHAT?

- Data management system for efficient System User data management regarding **registrations** and **certificates**
- Operated by ISCC and accessible for both **System Users** and **Certification Bodies**
- **Built-in validations** increase data accuracy and will be extended continuously
- Will be **interconnected** to ISCC Mobile App, ISCC Transactional Database and Union Database

Users and general functionalities in the ISCC HUB

Updated Registration Process in the ISCC HUB

General Data

Created By:	Test System User
Creation Date:	-
Registration Number:	-

To register for an ISCC certification, please fill in the contact form below. Mandatory fields are marked with *.

In order to adjust or reactivate an existing registration, please inform ISCC via the contact form instead of filling in the registration form.

Your Certification Body and ISCC check each submitted registration and contact the applicant in case further information is required. The process might take a few days until the registration can be approved. Once the registration has been approved you will be able to edit your registration data, change your Certification Body or add additional users to the registration directly in the ISCC HUB.
